

**Castlemaine District
Community Health**
Facilitating Better Health

**Bron Grieve, Community Health Nurse
with volunteer Kaye Bourke**

Thank you to the Community of Castlemaine for supporting CDCH
in winning a defibrillator for CDCH.

A special thank you to Kaye Bourke (volunteer at CDCH) for being
invaluable in collecting signatures.

CDCH will now register the defibrillator and hopefully it will never
need to be used, but if it does, it could save someone's life.

Bronwyn does First aid/ defibrillator training for any community
organisation /person who may require it, call 5479 1000 for more
information.
